BRIEF ABSTRACT OF LETTER.

Forwards in original letter no: 333 of 19.2.14 from the Senior Surgeon together with a proposition Statement for the revision of the establishment of the Govt medical Stores and States that the effect of the proposition will be an addition of Rs 678 per annum to the permanent recurring expenditure of the State.

NOTES AND ORDERS.

With refee to the objections raised by the Auditor who audited the accounts of the Govt med[l] Stores the Senior Surgeon[X] Stated in his letter no. 94/3 of 12.7.13 to the Comptroller that it is impossible, with the present inadequate Staff, to introduce all the

check that is found desirable & necessary & that G.o.C. will be addressed in the matter of Strengthening the establishment of the Med. Stores. In passing orders on the audit report G.o.C. observed that the explanation offered for the objections is not satisfactory. Vide para 6 of G.o. no. 6563-4 Med 41-13-4 & 29.12.13.

2 The following items of revision are proposed in the proposition Statement: —

(1) Increase of Rs 5 to the pay of the Head Clerk (Rs 50 to 55)

(2) Increase of Rs 10 to the pay of the Accountant (Rs 30 to Rs 40)

(3) Entertainment of an additional accountant on Rs 30 per mensem

(4) Increase of a pice each to the pay of 9 Coolies, peons & packers.

The net result of the revision will be Rs 678 per annum according to the Comptroller.

3 So recently as 1912 the entertainment of an Asst accountant on Rs 2[illegible] and 3 packers on Rs 7 each per mensem was sanctd for the Med Stores in G.o. no. 7617-8 Med 11-10-7 & 16.4.12. The Financial Branch did not approve of the Senior Surgn's proposal to increase the pay of the Accountant on Rs 30 to Rs 40 per mensem. ~~But now~~ Vide notes in Med file 11-10 (page 14). But now after discussion in Council

As to the source suggested for meeting the extra cost on account of the proposed pension in favour of the pay of Mr. Venkoba Rao Supdt of the Med. Stores, it is submitted that a Comm^n has since been received from the President of the Mysore City Mal Council recommending that the Mysore City Municipality be exempted from contributing Rs 17 per mensem next towards the pay of Mr. Venkoba Rao, Supdt of the Indigenous Hospl, Mysore. for giving increases to the Head Clerk and the Accountant are not convincing. As no additional responsibility is involved there is no reason to raise the pay of the posts.

7 The additional accountantson Rs 30 now asked for may be given as it has been represented that there is none to maintain a separate register showing the quantity and value of medicines and instruments sold to medical officers and others on credit for ensuring prompt recovery of the dues.

8 The necessity for giving increases to all the lascars and packers and peons at the rate of one rupee each has not been explained. Out of 9 hands 5 may, if necessary, be given increase (including 2 peons on Rs 6/- each) at the rate of one rupee each.

9 The foregoing suggestions will, if approved, reduce the proposed additional (Cost) to Rs 35 per month against 56½ proposed by the Senr Surgeon.

"The proposals made for the revision of the establishment of the Medical Stores are: —

(1) increase of pay to existing hands, clerical and menial,

(2) addition of three hands to the existing staff of accountant.

(1). The reasons adduced in support of the former are more or less personal, the increase to pay being considered necessary as the existing incumbents are useful hands and have been without promotion for some years — As pointed out in the above notes no strong case appears to be made out for increasing the pay as proposed — If however the administrative department is satisfied that the existing clerical hands deserve encouragement, the present head clerk and accountant may, perhaps, be given suitable personal allowances or in the alternative the pay of the Head clerk may be raised to 40×3-55 and of the accountant to 30◯2-40, so as to ensure easy flow of promotion and remove stagnation — In any case it is not desirable to convert the pay of Head clerk from 40-2-50 to 40×3 first — Rs 55 —

Re the increase of Rs 6 to 9 menials - allowed - the slight change made in the note of the Financial branch of granting increments to any 5 hands would ensure a flow of promotion and appears more suitable —

(2). The increase of one accountant asked for appears necessary to satisfactorily cope with the work required done in the Medical Stores since the issue of Govt orders No. 7-R dt 2nd Jan 1913 & No. 6503-4 dt 19-12-13 vide No. 4372-dg

but as the actual increase of work is not so great or of so responsible a character as to require a highly paid accountant on Rs 30/- An additional clerk on Rs 20/- seems quite adequate for the ~~add~~ extra Sanitary work thrown on the Shres — In fact this was the ~~l~~ other hand asked for by the Senior Surgeon on a previous occasion — in addition to the asst accountant on Rs 25/- which also was sanctioned by Govt —

The financial effect of the above proposals will be about Rs 35 per mensem as agreed to in the note of the Financial branch —

16 No case can be said to have been made out for increasing the pay of the Head Clerk and Accountant. If they have been doing good work and have no chance of promotion, the appropriate remedy lies in transferring their services to another department, or failing that granting them small personal allowances say of Rs 5 each. To raise the pay of the posts permanently for reasons of a more or less personal nature is hardly admissible.

17 The recommendation for raising the pay of the menials, which is said to be quite out of proportion to the heavyness of their work deserves more favourable consideration.

Sir,

I have the nonor to forward herewith copy of letter No.1217, dated the 31st January 1914, from the Senior Surgeon in charge, Medical Stores, and of its enclosure -letter from the Superintendent of the Stores, submitting certain proposals for improving and strengthening the establishment of the Stores.

2. The present establishment of the Medical stores is found to be quite inadequate to cope with the ever growing demands made on it. The suggestions made by the Auditors from -- time to time, the subsidiary instructions issued by the Comptroller on the method of recovering the several charges incurred on behalf of Local Fund Dispensaries and the orders passed by the Government on the last Audit Report, have all thrown -- such an amount of additional work on the staff that it has become absolutely necessary to improve and strengthen the same.

3. The present proposals include (i) an increase of Rs 5 to the pay of the Head Clerk who has been drawing Rs.50 for the past 5 years and who has no other chances of promotion; (ii) an increase of Rs 10/ to the present Accountant (to be styled Head Accountant) who is a useful official and deserves the increase in order to keep him contented; (iii) the enter

They are absolutely necessary in order to improve the efficiency of the work in the Stores and may be kindly sanctioned.

4. Government have, in their Proceedings No.7529-31/ Med. dated 4th February 1914, ordered that, out of the pay of Mr. S.Venkoba Rao, the former Superintendent, a sum of Rs.40 should be continued to be met from the funds of the Mysore City Municipality and the Local Funds General. If this amount be reckoned as a saving in the Stores Budget, then the net increase on account of my present proposals will be only Rs.16½ per mensem or Rs.198 per annum.

To

The Senior Surgeon,

Medical Stores

Mysore Government.

Sir,

Adverting to Government Order No.7-18/L.B.72-10-19, dated, 2nd July 1913 prescribing the method in which the several charges incurred on behalf of the L.F.Dispensaries in respect of country medicines &c., supplied to them, have to be adjusted and also to the subsidiary instructions issued by the Comptroller on the subject (copy enclosed), I beg to state that this innovation imposes additional duties upon an establishment already overworked. How far work in the Medical Stores has increased and how much efficiency has suffered in consequence of the establishment being kept down instead of being allowed to keep pace with theincrease of work, have been fully explained in the several communications commencing with Colonel Smyth's letter to Government bearing Senior Surgeon's office No.G.599 dated 15th June 1910. While endorsing the views expressed by my predecessors in the matter of inadequacy of the establishment of the Medical Stores as well as its inefficiency, I beg to once more emphasise the necessity of early steps being taken to so strengthen it as to at once provide for all defects, irregularities and omissions, from time to time brought to light by the periodical audits and Government instructions thereon.

Submitted to med file 11-10.

2. Having mainly, promptness and efficiency of work in view, and also the introduction of the method of issuing duplicate bills of cost of country medicines referred to above, to the Presidents of the different Local Bodies which by the way has not been done till now — I beg to suggest an addition of a

new

new hand on a salary of Rs.30/- per mensem to the existing establishment so as to secure to the post a good intelligent hand with a knowledge of accounts, and also to propose small increase of pay to the present underpaid but overworked staff. This new hand will devote himself to the maintenance of several Ledgers in respect of all the dispensaries in the State, and see to the recovery of the cost of medicines supplied to them, from the Presidents concerned. He will also maintain a check over the stock accounts in the Medical Stores and look to such other useful work as may be given to him.

3. The present accountant (H.Krishnachar) has been -- devoting extra time in addition to the office hours to cope with the increasing work in the account branch and I am glad to state that the auditor has not found any mistakes in the accounts -- branch. This official was recommended for an increase of pay in 1910, but his case was not considered. It is highly desirable that such an official is encouraged with an increase. I propose an addition of Rs.10/- at least to his present pay which he highly deserves. I have also proposed a promotion of Rs.5/- to the Head Clerk who comes in for a large share of work when the new system of work is introduced, but converted his salary from a progressive into a fixed one, to be in keeping with the rest of the scale. As the Assistant Accountant is a new man who is now on a long sick leave I have not proposed at present any increment to him.

4. I beg to bring to your notice the hardship of the Lascars, packers and peons. Their work is very laborious and they are held responsible for any breakage or loss in the Stores. They will have to go to Railway Station every day and themselves weigh, load and unload heavy boxes in and out of business hours of the Medical Stores, as no extra coolies are permitted to be employed for such work. In view of their faithful, honest and hard work, the promotion of a rupee to each provided in the proposition statement may graciously be viewed with favor & got sanctioned.

5. A proposition statement indicating the changes named

above, is herewith submitted for favor of sanction of Government as early as possible. The additional annual expenditure of Rs.648/- proposed in the above, may be met from the savings from the pay of the late Superintendent Mr. S.Venkoba Rao transferred to the Ayurvedic College, Mysore, or otherwise I may be permitted to add that this increase of expenditure is nothing in consideration of the efficiency that is expected to be secured in a large consuming Department like Medical Stores which has to account for a grant of over a lakh of rupees annually.

I remain,

Sir,

Your most obedient servant,

Sd/- V.Abboy Naidu

Senior Surgeon, Mysore Govt.,

Enclosed 185-13 / 4

No.2160/T.A.D.240 dated 20th/24th September 1913 from the Comptroller, Mysore Government, to the Senior Surgeon to the Government of Mysore, Bangalore.

Government having in their Proceedings No.7-18/L.B.72-10-19 dated 2nd July 1913, prescribed the method in which the ~~¢~~ several charges incurred on behalf of the Local Fund Dispensaries should be recovered from the Local Bodies, the undersigned has the honor to issue the following subsidiary instructions for guidance in modification of this office circular No.378 -- dated 28th January 1910.

1. The various Local Fund Dispensary charges fall into four groups:-

(a) Salary & Travelling Allowance of Medical Officer in charge

(b) Europe Medicines & Instruments

II. (c) Charge allowance to Sub Assistant Surgeons

(d) Salary & Travelling Allowance of Establishment including Midwives.

(e) House rent

(f) Fixed contingencies

(g) Dieting charges

(h) Fees to Midwives for extra labour cases

III. (i) Country medicines

(j) Bedding, clothing & furniture

(k) Midwives' articles

(l) Construction & repairs of Local Fund Dispensaries

No change is called for in the present method of -- adjustment of the charges falling under 1, 2, 3 & 4. Regarding 1 which are met wholly from General Revenues, the salary and travelling allowance of Medical Officers in charge are drawn from the Treasuries as heretofore and the cost of Europe medicines & instruments supplied to the dispensaries is met by the Senior Surgeon out of the grant provided for the purpose in the State Medical Budget.

Regarding

Regarding II which are met by contribution from local bodies charges falling under this class also are drawn by the Medical Officers in charge from Treasuries on the usual establishment and contingent bills, against the grants provided therefor in the State Medical Budget, and the charges are audited in this office in the same way as other Government expenditure. But the provision made in the District Fund and Municipal Budgets therefor should be transferred to the credit of the Medical Department. The Presidents of the District & Municipal Boards will draw a cheque every month in favor of the Tresury Officer for one-twelfth of the amount provided under these heads in the District and Municipal Fund Budgets being paid by transfer to the credit of the Medical Department in the Treasury Accounts Vide para 547 of the Mysore Treasury Manual.

Regarding IV which are met in equal proportions between Government and the District & Municipal Funds.

The procedure contained in paras 554 & 555 of the Treasury Manual will continue to be adopted.

3. As regards charges falling under class 3, Viz., -- country medicines, bedding etc., the practice hitherto in vogue was to have these charges adjusted in the Comptroller's office on detailed information of the actual cost incurred on behalf of each dispensary being furnished by the Senior Surgeon.

No such adjustment will be made in future. The Senior Surgeon, will when supplying the articles to the Local Fund Dispensaries send a bill of cost in duplicate to the Medical Officer in charge for transmission with his countersignature to the President, District Board or Municipality concerned for payment. The President on being satisfied that the articles are duly received and brought to stock in the Dispensary will pay the claim by drawing a cheque in favor of the Treasury Officer for credit to the Medical Department. He will retain one copy of the bill as his voucher and send the other to the Senior Surgeon for information noting thereon the fact of payment and entering the number and date of the cheque drawn.

4. In cases where the cost is debitable in proportion

to

to both District and Municipal Funds, the following procedure will be adopted.

(a) In respect of the charges incurred on behalf of the Local Fund Dispensaries in the 2 Cities of Bangalore and Mysore, the bills will be paid in the first instance by the Presidents of the City Municipalities and necessary contribution will be recovered from the District Boards concerned.

(b) In other Municipalities, the bills will be wholly paid by the Presidents of the District Boards, who will recover the necessary contribution from the Presidents of Municipalities concerned on presentation of separate bills.
